

NOVOMATIC scores hat trick as “Casino Supplier of the Year”

Subtitle: At the Global Gaming Awards in London, NOVOMATIC received the internationally coveted golden trophy in the category “Casino Supplier of the Year” for the third year in a row.

London/Gumpoldskirchen, February 6, 2020 (OTS) – At the ceremony for the Global Gaming Award, held at the world's largest gaming fair ICE Totally Gaming in London, NOVOMATIC on February 3, 2020 managed to score a hat trick. For the third time in a row, NOVOMATIC was honored as “Casino Supplier of the Year” at the international award ceremony. In the race to defend its title, the company based in Gumpoldskirchen, Lower Austria, prevailed against nine high-profile international competitors. The coveted prize was awarded during a festive ceremony at the Hippodrome Casino in London. “To us, being named ‘Casino Supplier of the Year’ for the third year in a row is a very special confirmation of our achievements as a reliable and innovative international technology provider. We could not have hoped for a better start to our 40th anniversary year,” says NOVOMATIC CEO Harald Neumann, pleased with the renewed success.

This prestigious prize is awarded to companies in a total of 16 categories for their product and service innovations. The jury, consisting of more than 50 of the world's leading industry experts, selects the winners from 175 nominated candidates. Because of this, the Global Gaming Award is considered one of the fairest and most reputable awards in the entire gaming industry, as every vote is awarded independently and audited by KPMG, the world's largest auditing and consulting firm. The Global Gaming Award is a clear indicator of a company's success and credibility, as it recognizes the company as a market leader and rewards the work done over the previous twelve months.

About NOVOMATIC

The NOVOMATIC Group (including the NOVO SWISS AG and Novo Invest GmbH) is one of the biggest international producers and operators of gaming technologies and employs around 30,000 staff worldwide. Founded by entrepreneur Professor Johann F. Graf in 1980, the Group has locations in around 50 countries and exports high-tech electronic gaming equipment and solutions to more than 75 countries.
